

Dyslexia Advocate Certificate Program

9-week course

October 2020

Fee: \$850.00

BACKGROUND & PHILOSOPHY

It is estimated that 10 – 15 percent of the general population has a reading based learning disability. Of those individuals, approximately 80% has dyslexia. Yet, many people are misinformed or uninformed about dyslexia, including many school teachers, school staff and parents. Children and adults with dyslexia are often not identified and/or do not receive the appropriate remediation they need to learn to read, write and spell despite the fact they have the intellectual capacity to learn. What is dyslexia? The International Dyslexia Association (IDA) and the National Institute of Child Health and Human Development (NICHD) adopted the following definition of dyslexia:

Dyslexia is characterized by difficulties with accurate and / or fluent word recognition and by poor spelling and decoding abilities. These difficulties typically result from a deficit in the phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge.

DTI DEVELOPED THE ONLINE DYSLEXIA ADVOCATE CERTIFICATE PROGRAM TO:

Teach Participants about the Individuals with Disabilities and Education Act (IDEA), FAPE, IEPs, 504's, appropriate accommodation, letter-writing, how to request and receive appropriate services and interventions, dispute processes and resolution, as they all relate to a student with dyslexia.

Upon completion participants will have the information they need to effectively work with families and school districts to ensure the laws are respected and that children are receiving the services they need.
